

## PCI DSS SELF ASSESSMENT PACK

### ALL YOU WILL NEED TO GET PCI DSS COMPLIANT

So where to start? What must I complete to show my company is PCI compliant? Will we be fined for not being compliant? What needs to be scanned?

These are just a few of the questions that companies have as they embark on PCI DSS compliance. Questions that we answer as the basis of our PCI DSS Self Assessment Pack.

Our tried and tested Self Assessment Pack takes out all of the confusion. We have over ten years' experience getting clients PCI compliant.

When you contact us, we can start to help you understand what the next steps are.

A brief chat with a few simple questions can help us understand the progress that you have made and what you need to do next.

Our goal is to get your company PCI DSS compliant as quickly and painlessly as possible.

We will help you understand what needs to be included and assessed – and what can be removed. Reducing time, effort and money to get and stay PCI Compliant.

Our Self Assessment Pack is supported by our comprehensive ASV vulnerability scanning solution.

You will get practical advice, written policies and procedures to meet all PCI reporting requirements.

Let us get your Self Assessment project moving in the right direction.

“ I'm particularly impressed with the flexibility and helpfulness of Ambersail's PCI team.

Always available to shed light on difficult PCI issues.

A partner we can rely on.

Go Ape - IT Director

- ✓ Meets latest PCI DSS compliance requirements.
- ✓ Comprehensive. Great Value.

## HOW WE GET YOU PCI DSS COMPLIANT

### ⚠ SCOPING

Understanding what needs to be included in the Card Data Environment. What can be excluded - making the network as small and efficient as possible. Essential groundwork for easier compliance.

### 👍 ASSESSMENT

Technical testing and assessment. The all-important quarterly ASV scan. Clear advice and guidance on related activities. Finalising procedures and configuration for full compliance measurement.

### 🔍 CERTIFY

Completion of the Self Assessment Questionnaire. Our policies and procedures supporting what you do. Final review of your SAQ and how you have met the PCI standard. Ensuring successful submission to Acquirers and interested parties.

### WHAT YOU GET FOR YOUR MONEY

As soon as you contact us, we start to help you. Understanding how you take payments. Whether data is stored. What materials need to be completed to demonstrate compliance. Our team of experts are ready to help you.

ASV testing will be performed by our experienced engineers. A team of experts that has been testing payment card networks for over ten years.

Testing is only one part of what you can expect. All the supporting PCI Policies and Procedures you will need are provided. Invaluable materials to really boost your PCI compliance project.

We are with you every step of the way. Right through to reviewing and submitting your compliance questionnaire. Giving you confidence and peace of mind that you have met your obligations to PCI DSS.
